Ms Jia Yng

@Alpro Pharmacy Biz Avenue

I suffered from skin allergy and constipation. Upon Pharmacist Jen's recommendation, I started consuming Triticum since 2022. I can see an immediate effect after consuming the first pack.

I could go to the toilet smoothly instantly. And my skin allergy started to improve. 😊 Until now, I still consume Triticum as daily supplements ❤️

Ms Fatin

@Alpro Pharmacy Bahau

Start consuming Triticum Aestivum since 2018. I can feel the impact on my body and skin. I've a very sensitive skin, Triticum help to reduce my eczema (I've very bad eczema history 😞 thin skin and always bleeding). Plus, It helps my dry skin. Gaining my confidence now with a healthy skin with Triticum Aestivum. 🙏

Ms Jas

@Alpro Pharmacy Pekan Nilai

Hi, I want to give you a feedback. It works well to reduce acne and detox my body. Continue it as natural multivitamin & mineral 😊 Highly recommended 🙌🙌🙌

5 STEPS you shouldn't do!

Don't use hard-bristle toothbrush
Hard bristle can scratch your denture and even damage it

Avoid using hot water
Hot or boiling water would deform your dentures

Don't use mouthwash to clean dentures
It will damage the acrylic base of your denture.

Remove your dentures before bedtime
Soak it overnight, cleaning deeply which will remove the bacteria from the small pores on the surface

Avoid using bleach-containing product
These can weaken dentures and change the color
